HOPPY HELL

The subtle flavors of stone fruit, citrus and peach give an idea of the light beer's exceptional fruitiness – just delightful, tasty and easy-to-drink!

PALE ALE

The pale ale is a complex but very tasty beer that was brewed in the style of an American pale ale. It appears golden yellow, bright, fresh and fruity in taste, with a clear citrus and passion fruit note, a slightly caramel-like malt profile and lots of hops!

0 % PALE ALE

Our non-alcoholic craft beer combines the enjoyable characteristics of a pale ale with the advantages of an alcohol-free, low-calorie soft drink. Brewed strictly in accordance with the Bavarian Purity Law, it tastes fruity, hoppy and refreshing – surprisingly different from what you would imagine a non-alcoholic beer to be. **3,50 €**
